

(2) If the test involves a language other than English, the Secretary selects at least one individual who is fluent in the language in which the test is written to collaborate with the testing expert or experts described in paragraph (a)(1) of this section and to advise the Secretary on whether the test meets the additional criteria, provisions, and conditions for test approval contained in §§ 668.148 and 668.149.

(3) For test batteries that contain multiple sub-tests measuring content domains other than verbal and quantitative domains, the Secretary reviews only those sub-tests covering the verbal and quantitative domains.

(b)(1) If the Secretary determines that a test satisfies the criteria and requirements for test approval, the Secretary notifies the test publisher or the State, as applicable, of the Secretary's decision, and publishes the name of the test and the passing scores in the FEDERAL REGISTER.

(2) If the Secretary determines that a test does not satisfy the criteria and requirements for test approval, the Secretary notifies the test publisher or the State, as applicable, of the Secretary's decision, and the reasons why the test did not meet those criteria and requirements.

(3) If the Secretary determines that a test does not satisfy the criteria and requirements for test approval, the test publisher or the State that submitted the test for approval may request that the Secretary reevaluate the Secretary's decision. Such a request must be accompanied by—

(i) Documentation and information that address the reasons for the non-approval of the test; and

(ii) An analysis of why the information and documentation submitted meet the criteria and requirements for test approval notwithstanding the Secretary's earlier decision to the contrary.

(c)(1) The Secretary approves a test for a period not to exceed five years from the date the notice of approval of the test is published in the FEDERAL REGISTER.

(2) The Secretary extends the approval period of a test to include the period of review if the test publisher or the State, as applicable, re-submits the

test for review and approval under § 668.144 at least six months before the date on which the test approval is scheduled to expire.

(d)(1) The Secretary's approval of a test may be revoked if the Secretary determines that the test publisher or the State violated any terms of the agreement described in § 668.150, that the information the test publisher or the State submitted as a basis for approval of the test was inaccurate, or that the test publisher or the State substantially changed the test and did not resubmit the test, as revised, for approval.

(2) If the Secretary revokes approval of a previously approved test, the Secretary publishes a notice of that revocation in the FEDERAL REGISTER. The revocation becomes effective—

(i) One hundred and twenty days from the date the notice of revocation is published in the FEDERAL REGISTER; or

(ii) An earlier date specified by the Secretary in a notice published in the FEDERAL REGISTER.

(1) The test meets the criteria set forth in paragraph (b) of this section;

(2) The test publisher or the State satisfies the requirements set forth in paragraph (c) of this section; and

(3) The Secretary makes a determination that the information the test publisher or State submitted in accordance with § 668.144(c)(17) or (d)(8), as applicable, provides adequate assurance that the test publisher or State will conduct rigorous test anomaly analyses and take appropriate action if test administrators do not comply with testing procedures.

(b) To be approved under this subpart, a test must—

(1) Assess secondary school level basic verbal and quantitative skills and general learned abilities;

(2) Sample the major content domains of secondary school level verbal

and quantitative skills with sufficient numbers of questions to—

(i) Adequately represent each domain; and

(ii) Permit meaningful analyses of item-level performance by students who are representative of the contemporary population beyond the age of compulsory school attendance and have earned a high school diploma;

(3) Require appropriate test-taking time to permit adequate sampling of the major content domains described in paragraph (b)(2) of this section;

(4) Have all forms (including short forms) comparable in reliability;

(5) Have, in the case of a test that is revised, new scales, scale values, and scores that are demonstrably comparable to the old scales, scale values, and scores;

(6) Meet all standards for test construction provided in the 1999 edition of the *Standards for Educational and Psychological Testing*, prepared by a joint committee of the American Educational Research Association, the American Psychological Association, and the National Council on Measurement in Education incorporated by reference in this section. Incorporation by reference of this document has been approved by the Director of the Office of the Federal Register pursuant to the Director's authority under 5 U.S.C. 552(a) and 1 CFR part 51. The document also may be obtained from the American Educational Research Association at: <http://www.aera.net>; and

(7) Have the test publisher's or the State's guidelines for retesting, including time between test-taking, be based on empirical analyses that are part of the studies of test reliability.

(c) In order for a test to be approved under this subpart, a test publisher or a State must—

(1) Include in the test booklet or package—

(i) Clear, specific, and complete instructions for test administration, including information for test takers on the purpose, timing, and scoring of the test; and

(ii) Sample questions representative of the content and average difficulty of the test;

(2) Have two or more secure, equated, alternate forms of the test;

(3) Except as provided in §§ 668.148 and 668.149, provide tables of distributions of test scores which clearly indicate the mean score and standard deviation for high school graduates who have taken the test within three years prior to the date that the test is submitted to the Secretary for approval under § 668.144;

(4) Norm the test with—

(i) Groups that are of sufficient size to produce defensible standard errors of the mean and are not disproportionately composed of any race or gender; and

(ii) A contemporary sample that is representative of the population of persons who have earned a high school diploma in the United States; and

(5) If test batteries include sub-tests assessing different verbal and/or quantitative skills, a distribution of test scores as described in paragraph (c)(3) of this section that allows the Secretary to prescribe either—

(i) A passing score for each sub-test; or

(ii) One composite passing score for verbal skills and one composite passing score for quantitative skills.

#### § 668.147 Passing scores.

Except as provided in §§ 668.144(d), 668.148, and 668.149, to demonstrate that a test taker has the ability to benefit from the education and training offered by the institution, the Secretary specifies that the passing score on each approved test is one standard deviation below the mean score of a sample of individuals who have taken the test within the three years before the test
